

MOBILE LED SCREEN

Stand out from the pack with our multimedia vehicle,
the innovative way to give your company or event great exposure.

Mobile Led Screen

Mobile LED screen trailer, also known as LED media trailer, outdoor digital mobile media vehicle or LED advertising trailer, is the trailer and large LED display organic combination, through the three-dimensional video animation form of real-time display of graphic information, to realize the mobile advertising and promotion of a new type of communication medium.

01

Versatility and mobility

- Convenient to move, can be changed at any time to change the location, change the information, without the need for cumbersome installation and dismantling process.
- Combination of picture movement and static, can receive wired or wireless set-top box TV signals, with live broadcast, TV broadcast.

02

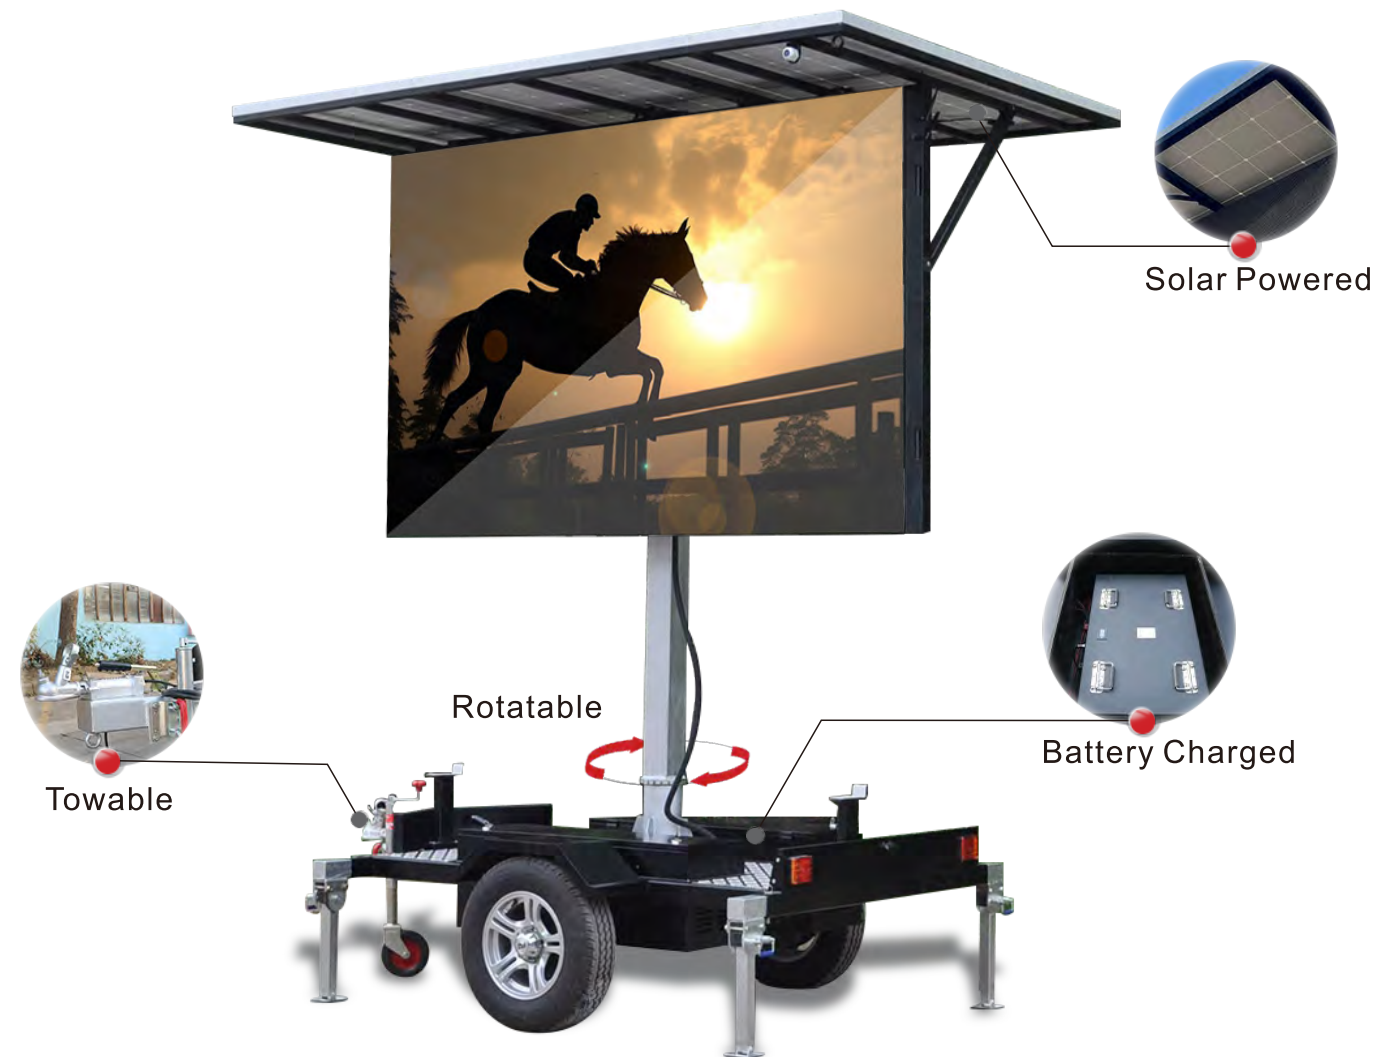

Flexibility and technology

- Compared with traditional print media and fixed LED screen, mobile LED screen trailer is more energetic, dynamic, and has a high comprehensive price ratio.
- The body adopts modern design, clean lines and sharp edges, showing a strong sense of technology and modernity.

03

High efficiency and wide coverage

- According to customer demand, media operation can be carried out at different points and different places, directly facing the crowd audience to achieve the most intuitive and effective publicity objectives.
- After the media equipment reaches a certain number, it can set up a media syndication network in the city and fully cover the city publicity.

Products Description

01

Display screen technology

- Adopt ultra-high definition outdoor waterproof LED full color screen, high brightness, stable performance, impact resistance
- Support remote volume control, timer switch and other functions, convenient operation.

02

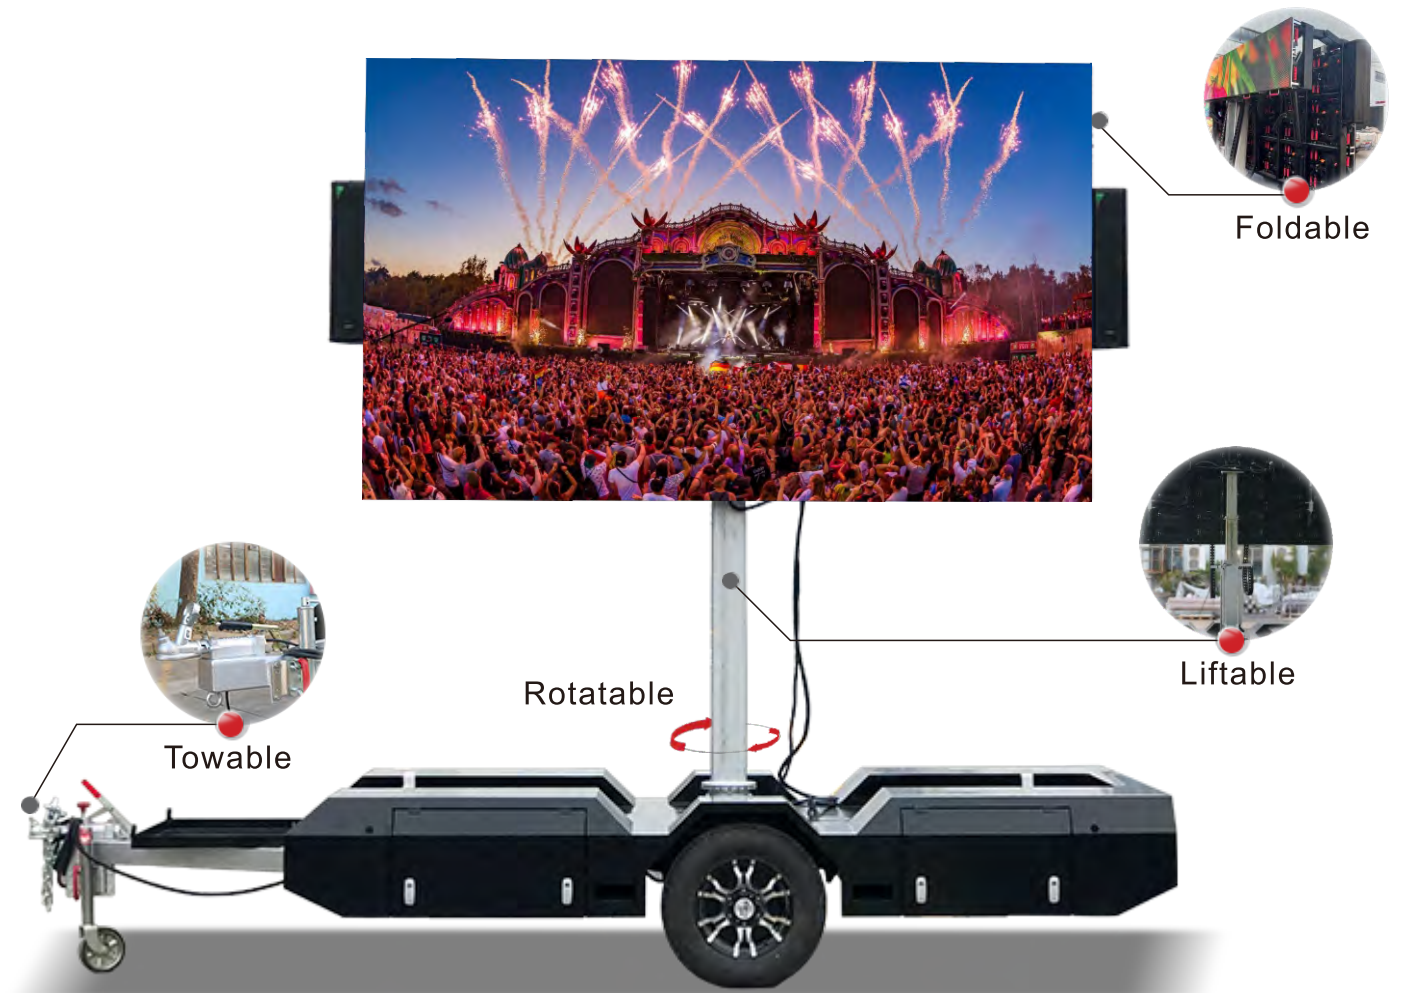

Lifting and folding function

- Equipped with imported hydraulic lifting system, safe and stable, can adjust the height of the LED screen according to the needs of the environment.
- Unique LED screen folding technology, when folded, can be played on both sides at the same time, to achieve 360 ° barrier-free visual coverage.

03

Durability and safety

- The body is made of steel, together with the 2-in-1 system of hand brake and crash brake to ensure the safety of each operation
- The wind resistance index can reach up to grade 8, adapting to various outdoor Environments

Model:BLE-F4S

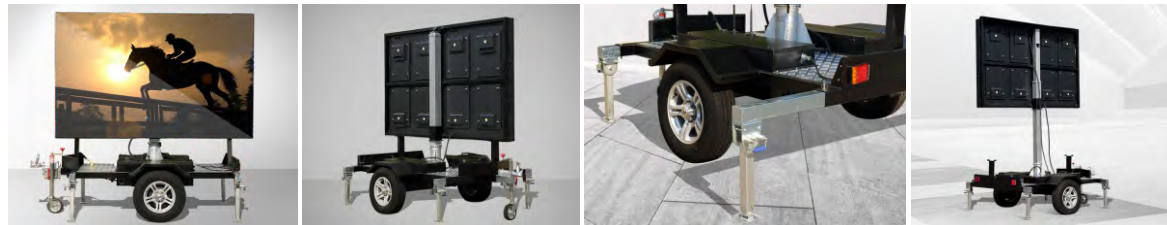

Trailer Size	2914x1800x2300mm
Screen size	2560x1280mm, Dot Pitch:P6.6/P8/P10
Hydraulic	lifting range 1m, screen can rotate 360 degrees
Brake	Hand brake
Trailer Weight	930KG
wind resistance	Against level 8 wind after screen lift up 1m
Trailer power	Battery/solar panel/generator
Kinds of play	Usb flash disk play, remote play

Characteristic	Light, easy to operate ,can work automatically <input type="checkbox"/> no need generator and keep working always.
Packing	Nude packing with fixed in container
Container	20GP
HS code	8716800000

Trailer Size	2914x1800x2260mm
Screen size	2560x1280mm, DotPitch: P3/P4/P5/P6
Hydraulic	lifting range 1m, screen can be rotate 360 degrees
Brake	Hand brake
Trailer Weight	730KG
wind resistance	Against level 8 wind after screen lift up 1m
Trailer power	External electric, generator
Kinds of play	Usb flash disk play, remote play

Characteristic	Light, easy to operate, good advertising effect and convenient for packing and delivery.
Packing	Nude packing with fixed in container
Container	20GP
HS code	8716800000

Model: BLE-F4

Model:BLE-F6

Trailer Size	4965x1800x2680mm
Screen size	3200x1920mm, DotPitch:P3/P4/P5/P6
Hydraulic	lifting range 1.3m, screen can be rotate 360 degrees
Brake	Hand brake
Trailer Weight	1288KG
wind resistance	Against level 8 wind after screen lift up 1.3m
Trailer power	Externalelectric,generator
Kinds of play	Usb flash disk play,remote play

Characteristic	Light,easy to operate ,good advertising effect and convenient for packing and delivery.
Packing	Nude packing with fixed in container
Container	20GP
HS code	8716800000

Trailer Size	6910x2200x2125mm(ALKO chassis)
Screen size	4480x2560mm, Dot Pitch:P3/P4/P5/P6
Hydraulic	Italy imported hydraulic, lifting range 2m, screen can be folded in half.
Brake	Hand brake
Trailer Weight	2300KG
wind resistance	Against level 8 wind after screen lift up 2m
Trailer power	External electric, generator
Kinds of play	Usb flash disk play, remote play

Characteristic	Super size and foldable screen, good advertising effect and convenient for packing and delivery.
Packing	With customized cover
Container	20GP
HS code	8716800000

Model: BLE-F12

Model:BLE-F16

Trailer Size	7020x2100x2550mm
Screen size	5120x3200mm, Dot Pitch:P3/P4/P5/P6
Hydraulic	Italy imported hydraulic, lifting range 2m, screen can be folded and rotate 360degrees
Brake	Hand brake/electric brake
Trailer Weight	3380KG
wind resistance	Against level 8 wind after screen lift up 2m
Trailer power	External electric, generator
Kinds of play	Usb flash disk play, remote play

Characteristic	Super screen size, superheight, 360 degree no dead band visual effect
Packing	With customized cover
Container	40HQ
HS code	8716800000

Trailer Size	7800x1800x2940mm
Screen size	5760x3840mm, DotPitch: P3/P4/P5/P6
Hydraulic	Italy imported hydraulic, lifting range 2m, screen can be folded in half.
Brake	Hand brake
Trailer Weight	5300KG
wind resistance	Against level 8 wind after screen lift up 2m
Trailer power	External electric, generator
Kinds of play	Usb flash disk play, remote play

Characteristic	Super size and foldable screen, good advertising effect and convenient for packing and delivery.
Packing	With customized cover
Container	40OT
HS code	8716800000

Model: BLE-F22
